Chinese imperial examinations were a civil service examination system in Imperial China to select candidates for the state bureaucracy. Although there were imperial exams as early as the Han dynasty, the system became widely utilized as the major path to office only in the mid-Tang dynasty, and remained so until its abolition in 1905.

Imperial examination - Wikipedia

Graduate Opportunities Graduates work in the broad field of civil engineering at the engineering technologist level and are qualified for employment in the areas of design and detailing, estimating construction costs and coordinating construction schedules and specifications.
