The hardware and software used to conduct the videoconference sessions was Polycom® ViaVideo™, which is a state-of-the art desktop videoconference system allowing for clear picture and voice transmission.

Virtual team leadership: The effects of leadership style ...

Interaction design has its origins in web and graphic design, but has grown into a realm of its own. Far from merely working with text and pictures, interaction designers are now responsible for creating every element on the screen that a user might swipe, click, tap, or type: in short, the interactions of an experience.

Complete Beginner's Guide to Interaction Design | UX Booth

A field experiment examined whether increasing opportunities for face-to-face interaction while eliminating the use of screen-based media and communication tools improved nonverbal emotion-cue recognition in preteens.
